Komitmen Keberlanjutan, PT Carsurin Tbk Bersama PT Bungasari Flour Mills Indonesia Kolaborasi Tanam Bibit Mangrove di Cilegon dan Medan

Commitment to Sustainability: PT Carsurin Tbk and PT Bungasari Flour Mills Indonesia Collaborate to Plant Mangrove Seedlings in Cilegon and Medan

Sebagai wujud nyata kepedulian terhadap lingkungan dan komitmen pelaksanaan **Corporate Social Responsibility (CSR)**, PT Carsurin Tbk — perusahaan di bidang *Testing, Inspection, and Certification* (TIC) di Indonesia berkolaborasi dengan PT Bungasari Flour Mills Indonesia (PT BFMI) menyelenggarakan rangkaian aksi penanaman bibit mangrove di 2 (dua) lokasi strategis, yaitu Cilegon dan Medan pada bulan Agustus dan September 2026. Seluruh rangkaian kegiatan di lapangan melibatkan secara aktif tim operasional PT Carsurin Tbk cabang Cilegon dan cabang Medan bersama perwakilan PT Bungasari Flour Mills Indonesia.

Melalui inisiatif ini, kedua perusahaan bersama-sama menghadirkan kontribusi nyata bagi ekosistem pesisir sekaligus memperkuat komitmen terhadap penerapan prinsip **Environmental, Social, and Governance (ESG)** dalam kegiatan usaha. Hingga September 2026, ratusan bibit mangrove telah ditanam melalui program ini. Setiap bibit menjadi bagian dari upaya jangka panjang untuk memperkuat ekosistem pesisir, membantu mitigasi emisi karbon, serta menjaga garis pantai dari ancaman abrasi.

*As a concrete manifestation of environmental care and a commitment to **Corporate Social Responsibility (CSR)**, PT Carsurin Tbk—a leading Testing, Inspection, and Certification (TIC) company in Indonesia—has collaborated with PT Bungasari Flour Mills Indonesia (PT BFMI) to conduct a series of mangrove planting activities across two strategic locations, Cilegon and Medan, in August and September 2026. The entire series of field activities actively involved the operational teams from PT Carsurin Tbk's Cilegon and Medan branch alongside representatives from PT Bungasari Flour Mills Indonesia.*

*Through this initiative, the two companies are jointly making a tangible contribution to coastal ecosystems while reinforcing their commitment to implementing **Environmental, Social, and Governance (ESG)** principles in their business operations. By September 2026, hundreds of mangrove seedlings had been planted through this program. Each seedling is part of a long-term effort to strengthen coastal ecosystems, help mitigate carbon emissions, and protect the shoreline from the threat of*

Namun, bagi CRSN, makna kegiatan ini jauh lebih besar daripada sekadar jumlah pohon yang ditanam.

"Aksi penanaman bibit mangrove ini adalah bentuk komitmen PT Carsurin Tbk tidak hanya hadir untuk memastikan standar kepatuhan dan kualitas industri, tetapi juga bertanggung jawab aktif terhadap kelestarian lingkungan di sekitar area operasional perusahaan. Kolaborasi bersama PT Bungasari Flour Mills Indonesia membuktikan bahwa ketika 2 (dua) kekuatan industri menyatu dengan visi hijau yang sama, kita dapat menciptakan dampak ekologis yang signifikan sekaligus memperkuat kepercayaan bisnis secara berkelanjutan," ujar Badrunsyah selaku Head of Government Relations PT Carsurin Tbk

Ketika Bisnis Bertumbuh Bersama Lingkungan

Sebagai perusahaan yang telah lebih dari lima dekade berkontribusi di sektor *Testing, Inspection, and Certification* (TIC), CRSN memahami bahwa keberlanjutan merupakan bagian yang tidak terpisahkan dari keberlangsungan industri. Kolaborasi ini sekaligus memperkuat hubungan strategis antara CRSN dan Bungasari. Hubungan bisnis yang telah terbangun berkembang menjadi sebuah sinergi yang membawa nilai lebih luas dan mempertemukan kepentingan industri dengan kepedulian terhadap keberlanjutan lingkungan.

Menanam untuk Hari Ini, Bertumbuh untuk Masa Depan

Mangrove merupakan salah satu ekosistem pesisir yang memiliki peran penting dalam menjaga keseimbangan lingkungan. Selain membantu melindungi garis pantai, kawasan mangrove juga berperan dalam menyerap dan menyimpan karbon serta menjadi habitat bagi berbagai jenis kehidupan. Karena itu, penanaman mangrove bukan hanya tentang menghadirkan penghijauan di kawasan pesisir. Lebih jauh, kegiatan ini merupakan bagian dari upaya membangun **ketahanan lingkungan untuk jangka panjang**.

erosion. However, for CRSN, the significance of this initiative extends far beyond the mere number of trees planted.

"This mangrove planting action is a testament to PT Carsurin Tbk's commitment not only to ensuring compliance and quality standards within the industry, but also to actively taking responsibility for environmental conservation around our operational areas. The collaboration with PT Bungasari Flour Mills Indonesia proves that when two industries force unite with a shared green vision, we can generate significant ecological impact while sustainably bolstering business trust," said Badrunsyah, Head of Government Relations at PT Carsurin Tbk.

When Business Grows Alongside the Environment

As a company that has contributed to the Testing, Inspection, and Certification (TIC) sector for more than five decades, CRSN understands that sustainability is an integral part of the industry's survival. This collaboration also strengthens the strategic relationship between CRSN and Bungasari. The business relationship that has been established has evolved into a synergy that brings broader value—aligning industrial interests with a commitment to environmental sustainability.

Planting for Today, Growing for the Future

*Mangroves are one of the coastal ecosystems that play a vital role in maintaining environmental balance. In addition to helping protect the coastline, mangrove areas also play a role in absorbing and storing carbon, as well as serving as a habitat for various forms of life. Therefore, mangrove planting is not merely about greening coastal areas. More importantly, this initiative is part of an effort to build **long-term environmental resilience**.*

Melalui program ini, PT Carsurin Tbk menegaskan komitmennya untuk terus memperluas inisiatif keberlanjutan lingkungan di berbagai wilayah operasionalnya di seluruh Indonesia, sejalan dengan visi pertumbuhan bisnis yang bertanggung jawab dan ramah lingkungan.
